<b>Position Title:</b>	<b>Reservoir Engineer</b>
<b>Salary Range:</b>	Based on Experience
<b>Classification (Full Time or Contract)</b>	Full Time / US Citizens only
<b>Location:</b>	Tulsa, OK
<b>Education Requirements:</b>	B.S. degree in Engineering
<b>Experience Level:</b>	10-15 years of experience with a background including evaluation of drilling and re-completion opportunities

## **Job Description:**

Please Note: To apply you must be a US Citizen or a US Green Card Holder

Challenging opportunity available for an experienced reservoir engineer. Qualified candidates must have 10-15 years of experience with a background including evaluation of drilling and re-completion opportunities; evaluation of field studies to maximize values and recovery of reserves, understand SEC reserves classification and evaluation, strong computer skills and a good working knowledge of Windows ARIES. Experience in shale gas/tight gas reservoirs and reservoir simulation preferred.

## Work Conditions

Requires: working in a team environment; occasional, irregular, additional and weekend work hours for project completion.

## Requirements Minimum Qualifications

- Knowledge of: Evaluation of drilling and re-completion opportunities and field studies to maximize values and recovery of reserves.
- Skill in: Computer skills using Microsoft Office and experience in ARIES.
- Ability to: follow written and oral instructions; see objects at close range; effectively communicate orally and in writing; be courteous to co-workers and customers; and refrain from abusive or profane language and behavior in the workplace.
- Requirements: Minimum of 10-15 years of experience; B.S. degree in an engineering field; regular attendance; and must adhere to all policies established by the company, including the Company Resources Business Ethics and Compliance Policy.
